Introducing the "New"

SUPER RED Z

SUPER RED K

These new asphalt blades are the
HIGHEST GRADE asphalt blade specs
we've ever designed and built!

If you're a pro cutter and you want the very best
performing asphalt blades for your business,
you have to try these new Performance Line
SUPER RED Z & SUPER RED K
asphalt blades!

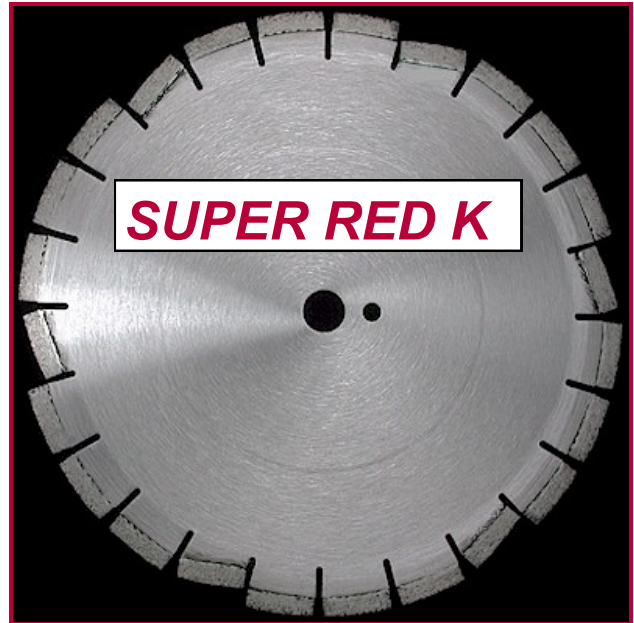

What's Newz

SUPER RED Z

PLA 15 SRZ Design:

This is a perfect everyday service work asphalt blade with a lower price point for great all around value & performance. The **SRZ** provides great life and cutting speed with full OD wedge undercut protection and laser welded jumbo segments.

SUPER RED K

PLA 15 SRK Design:

This is the Highest Grade asphalt blade we've ever produced!. Designed for **OPTIMAL** life & cutting speed. The unique design of the **SRK** blade incorporates drop segments for maximum undercut protection and laser welded jumbo segments for speed & life.
